

Stories of Strength

United Way
St. Croix Valley

"I just turned 94 years old. I have said many times that if it wasn't for **Interfaith Caregivers** and Donna I would not have lived this long.

Following my heart attack in 2005 I needed to go to St. Croix for therapy. I lived alone and had no family in the area. I didn't drive and had no way to get there. My home health worker suggested I call Interfaith Caregivers which I did. Since then they continue to provide me with the services I need.

In 2010 Donna was assigned as my driver. She took me shopping, to doctor appointments, called to check on me and helped with anything else I needed. One New Year's Eve, I fell on my way to the dumpster and broke my foot. I called Donna and we spent the evening in the Emergency Room.

She is there whenever I need her. She is family; the daughter I never had. I am so grateful to **Interfaith Caregivers** and to Donna for all that they do for me." ~Arline
